

ROADMAP

PROGRAM AND PROJECT PLANNING AND EXECUTION

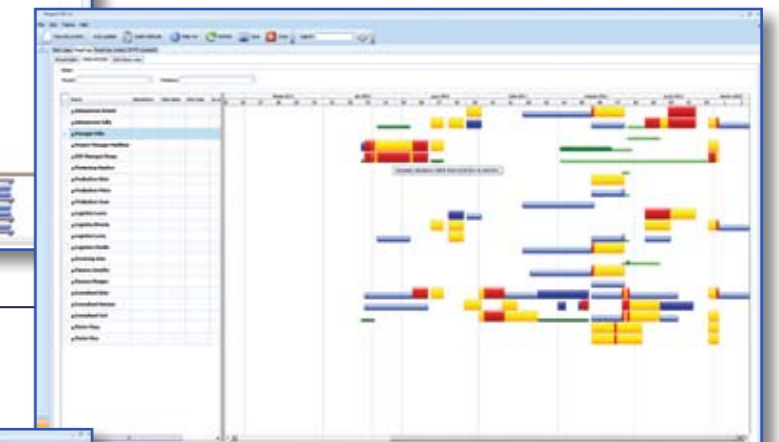

How does Roadmap benefit companies?

- + More agile business and faster reactions.
- + Easier to manage multiple simultaneous projects.
- + Maximize project outputs.
- + Easier reporting and monitoring.
- + Problems can be identified and avoided.
- + Helps optimize and monitor resource allocations.
- + All project documentation up to date and in one place.
- + Fewer unnecessary project meetings.
- + Helps project scope and change management.
- + Resources can be allocated correctly.
